

Dear Don -

We wanted to take the time to thank you for everything you did to help us get our mortgage for our new home. We feel like we came to you with only a slight glimmer of hope at all in owning our own home - But you worked diligently in helping us & even more so in encouraging us that it would go thru. I know we were tough cookies & probably hard to get thru to at times. Thanks for your patience and encouragement.

As a thank you, we'd love to have you & Kris & the kids over for dinner sometime soon & show you our place - our home - we love it. Let's pick a date real soon! Call me or email me with some possibilities!

Again thanks so much!

God Bless!
Joan & Jim
